Corporate Member Benefits

For over 25 years, the Ontario Community Support Association (OCSA) has been the voice of home and community support, representing over 220 not-for-profit organizations, 22,000 employees and over 100,000 volunteers across the province.

The corporate member option is available* to for-profits, government, academic and non-profits who do not qualify for the Full (voting) OCSA embership. We partner with like-minded companies who understand the unique structure of our sector, and whose products and services will provide benefit to our members and their employees.

Each spring, the OCSA team ships over 240 renewal packages to our members across Ontario. **This is your chance!** With a corporate membership, you can include your business' promotional piece in our annual mail-out and potentially into the lunchrooms of some of the largest home and CSS agencies in the province.

The corporate membership term aligns with our fiscal year from **April 1-March 31** at a standard annual rate of just \$295. For more information about our corporate membership, contact Kimberly Gignac at kimberly.gignac@ocsa.on.ca or 416-256-3010 ext. 246.

**We have a limited number of opportunities for corporate members and we reserve the right to refuse new or renewing applications or to cancel a membership at any time.*
